## 4-SEASON VILLAGE

**Ideally located 1h15 from the Côte d'Azur and nestled at 1700m altitude at the gateway to the Mercantour National Park, Valberg was founded in 1936, making it the oldest mountain and winter sports resort in the Alpes-Maritimes.**

Surrounded by unspoilt countryside, Valberg is renowned for its warm, friendly atmosphere and long-standing commitment to sustainable development. In particular, it was the first resort in the Southern Alps to be awarded the Flocon Vert label in 2018 by the Mountain Riders association, followed by its renewal with 2 flocons level in 2022.

With a vibrant year-round program, Valberg also regularly hosts sporting and cultural events accessible to all, from cycling to astronomy, concerts and themed hikes. Awarded the "Famille Plus" label in 2006, the resort guarantees infrastructures, rates and offers adapted to all ages. Classic or picturesque, a mosaic of activities and entertainment are available on site and in the surrounding area: road cycling, mountain biking, golf, trail running, downhill skiing, nordic skiing, eco-events and entertainment of all kinds for young and old... So many unique experiences to enjoy on your own or with others, whatever the season!

# FOCUS ON WINTER

## A LIVELY AND FRIENDLY WINTER RESORT

With 56 ski slopes at altitudes from 1,500 to 2,066 meters, as well as fun facilities for the youngest skiers, the Valberg ski area is renowned for being accessible to all, whatever their level.

Valberg is more than just a winter ski resort. Its festive and friendly atmosphere, as well as its unspoilt landscapes and pure air attract large numbers of holidaymakers every year.

In addition to skiing, the resort offers a wide range of other sports activities : cross-country skiing at the nordic area, snowshoeing with over 40 km of marked trails, snowboarding with a snowpark, an indoor pool for a wellness break, and sledging at the nordic center. Not forgetting the many concerts, torchlight descents, candy hunts and many other activities taking place all winter long!

## FAMILY RESORT

Accommodation, restaurants, shops, services, activities, entertainment... Valberg does its utmost to provide the best possible welcome for all the families.

### 6 COMMITMENTS FOR A HAPPY FAMILY HOLIDAY IN VALBERG SINCE 2006 !

1. A personalized welcome for families
2. Animations adapted to all ages
3. Rates adapted to everyone
4. Activities for the youngest and the oldest, to have fun separately or together
5. All shops and health services conveniently located
6. Kids pampered by professional caretakers

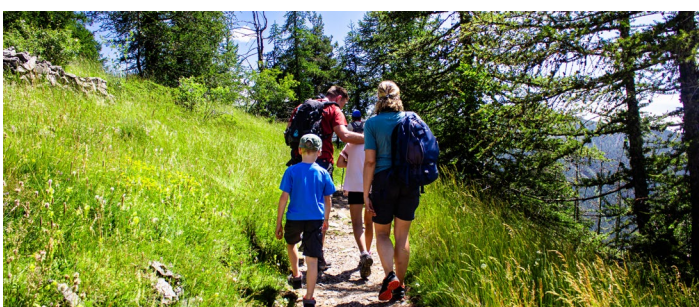

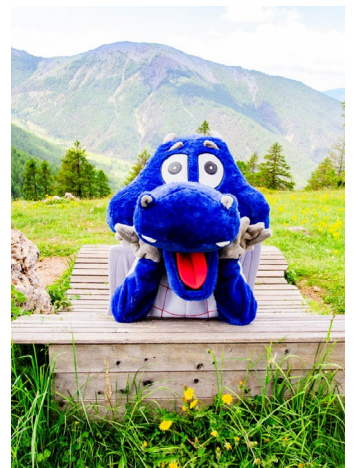

## CHILDCARE FACILITIES

### «LES P'TITS POUSETS» DAYCARE

Open all year round, the daycare welcomes children aged 3 months to 5 years in a privileged, secure environment in the heart of the Parc des Oursons. Children are looked after by a qualified team of supervisors.

### MINI CLUB

The resort offers full- and half-day care for children aged 4 to 12, with a qualified team of supervisors. Handicrafts, sports, creative activities, games... There's something for every age and every taste!

## LABELLED VILLAGE

Recognized nationally and internationally, the Flocon Vert judges candidate resorts on the basis of some twenty criteria, divided into four categories: governance and destination, local economy, social and cultural, natural resources and ecology.

Since 2019, Valberg is part of the Alpes Azur Mercantour territory labelled «International Dark Sky Places» by the US-based IDA (International Dark Sky Association). Rewarding territories for being active in the protection of the starry sky & night biodiversity.

Created by the French Ministry of Tourism, the Qualité Tourisme mark recognizes continuous

improvement in service quality implemented by Tourist Offices. It is a real guarantee of trust and quality of service between professionals and visitors.

Awarded for 12 years, this classification recognizes the efforts made by a local authority to structure an adapted tourism offer and excellent hospitality.

Valberg has held the Family Plus label since 2006, and does everything in its power to offer families the

best possible welcome: accommodation, shops, activities, facilities, rates... Everything is adapted for a successful vacation with children.

Since 2014, Valberg has been awarded this national label thanks to its actions

to fight light pollution. This label is awarded to towns and territories that take action to improve the quality of the night and the nocturnal environment.

## 2025

### DEPARTMENTAL ENVIRONMENT CENTER

### SCHEDULED OPENING IN JUNE 2025

This major project, supported by the Alpes-Maritimes Department, began in November 2022 and will be completed in June 2025.

The implementation of this project, from conception to completion, involves in-depth consideration of various aspects, such as the choice of materials to limit their environmental impact, construction techniques for a more sustainable building, and water and energy management to reduce consumption.

This future hub of knowledge, encounter and sharing will enhance the existing 4-season offer of Valberg, with year-round activities, conferences and much more. The main themes will revolve around sustainable development, astronomy and environmental protection awareness.

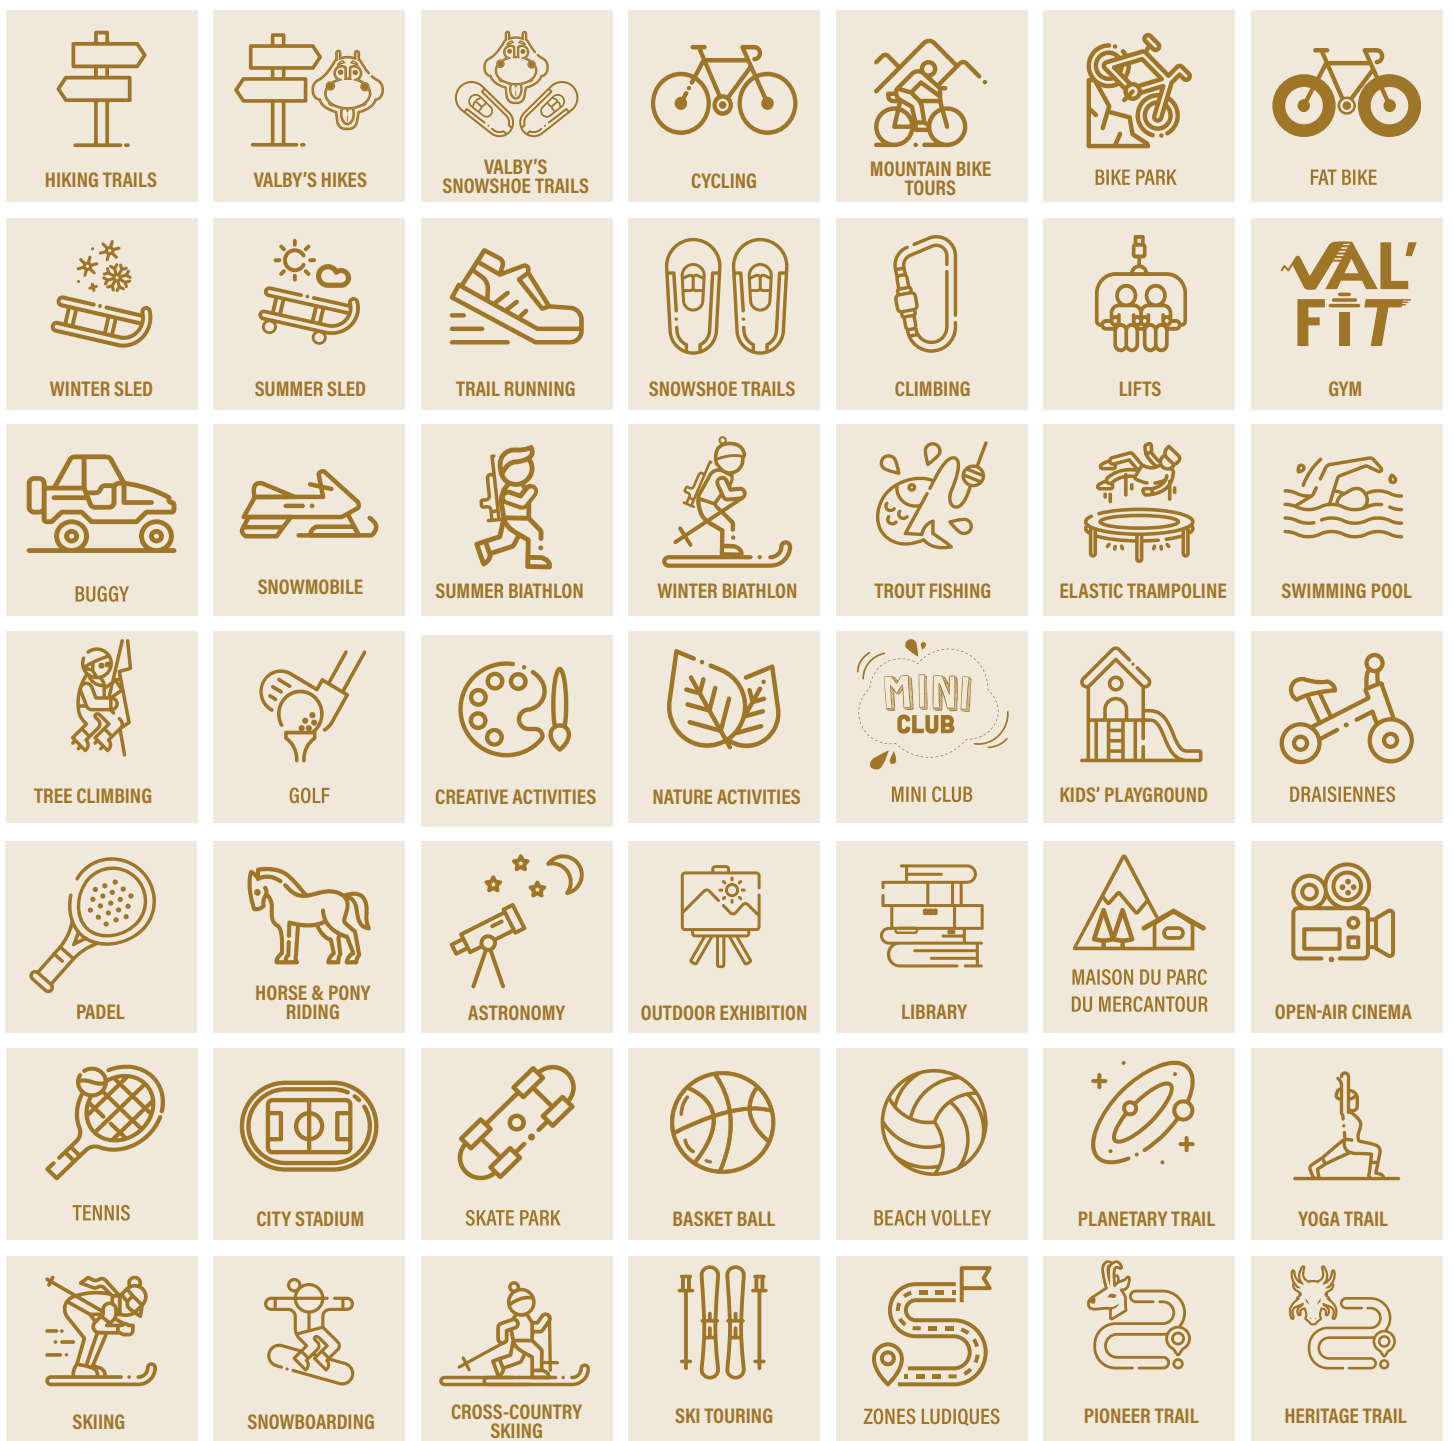

The new building will include the biggest planetarium of southern France able to accommodate around 50 people, as well as a 400 m<sup>2</sup> community hall, designed as a venue for exhibitions and various events.

# SPORTS ACTIVITIES

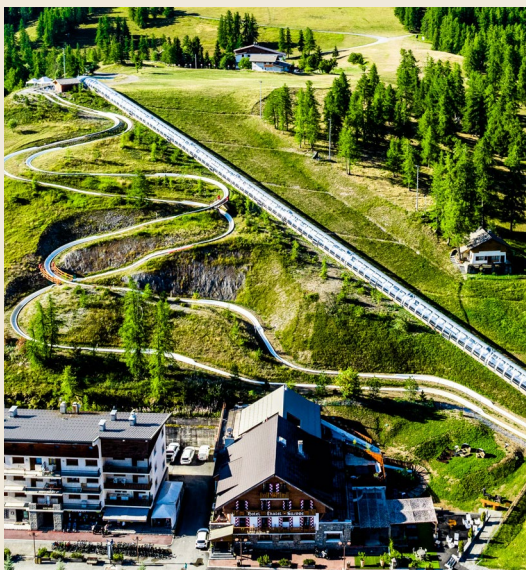

## Sports ACTIVITIES

About 50 activities to be experienced throughout the seasons.

## New in 2024

Two new padel courts were inaugurated in August 2024. Ideally located in the Sports Arena, close to the tennis courts, families and friends can enjoy this sport all year round, except during the snowy season.

## Summer sledge

Right in the heart of the resort, summer tobogganing is one of the key attractions for young and old! Come hurtle down our 2 slopes of different lengths and speeds to get your fill of sensations and create indelible memories. The courses, with variations in altitude and steep turns, are suitable for all ages for a time full of entertainment.

Located opposite the resort's Sports Arena, the new Val'Fit connected gym offers 3 different areas: cardio, muscle strengthening and flexibility.

Based on Egym brand solutions, the guided, digitalized weight-training machines are aimed at a wide audience: from beginners wishing to get into the sport to accomplished sportsmen and women wishing to optimize their performance, from a simple fitness routine to in-depth training.

A fun and innovative new method in the world of sport and fitness, making exercise accessible to all, whatever their level!

Val'Fit is open everyday 6am-10pm all year round.

# SKI AREA AREA

In the heart of the Southern Alps, Valberg promises you a unique skiing experience in a preserved environment.

Enjoy a ski area suitable for all levels, including 56 slopes spreading between 1700 and 2100 meters high.

Cradle of skiing in the Alpes-Maritimes, Valberg offers an area equipped with fun and modern facilities to satisfy young and old. An ideal playground since almost 90 years, where everyone, beginners and adventurous alike, can enjoy themselves in complete safety. With varied elevations, unobstructed views and sunny panoramas, enjoy a little corner of paradise to enhance your ski days!
